

## WHAT WE ARE

*The Kentucky Behavioral Health Planning and Advisory Council (KBHPAC) is made up of 36 council members that serves as an advisory body to the Commissioner of the Department for Behavioral Health, Developmental and Intellectual Disabilities (BHDID).*

## WHY WE EXIST

*Kentucky receives federal Block Grant funds annually for the improvement of the behavioral health system of care. Public Law 102-321 requires all states that receive these funds to engage in a comprehensive planning process for allocating them. The planning process must include ongoing direction and feedback from the members of the advisory council.*

*The advisory council also serves as an advocacy body for individuals in recovery including young adults, parents/grandparents/guardians of children, and family members of adults affected by behavioral health challenges.*

## WHO WE ARE

*Individuals in recovery from mental health and substance use disorders, parents of children with behavioral health challenges, family members of adults in recovery, and a young adult in recovery constitute the majority of the members on KBHPAC (at least 51%). The additional council seats are held by representatives of state agencies, service providers and advocacy organizations. Members are encouraged to use their unique voices in pursuit of our mission.*
